SPEAKER STRAUS ANNOUNCES HOUSE COMMITTEE ASSIGNMENTS

AUSTIN--- Today, Speaker Joe Straus (R-San Antonio) announced the Texas House of Representatives committees for the 82nd Legislature, and issued the following statement:

"One of the most important roles of the Speaker of the House is making committee assignments. I have tried to apply the interests and expertise of individual Members to our State's challenges, and to make sure the geographic and demographic diversity of Texas is fairly represented. Under the rules of the House, a number of committee assignments are based on Members' seniority, and we also have a near-record 38 new freshmen representatives this year.

"I am eager for the committees to begin work on important legislation and for you to collaborate on the issues that matter most to our state. Today, I am referring hundreds of bills to the committees, so the House can immediately begin working on these critical issues. In my second term as Speaker, I am committed to continuing to lead the House with respect for the Members and the people who sent them here, allowing members to govern in a way that represents their constituents."

3 the department.

4 (b) The department may not collect a fee for an election
5 identification certificate or a duplicate election identification
6 certificate issued under this section.

7 (c) An election identification certificate may not be used
8 or accepted as a personal identification certificate.

9 (d) An election officer may not deny the holder of an
10 election identification certificate the ability to vote because the
11 holder has an election identification certificate rather than a
12 driver's license or personal identification certificate issued
13 under this subtitle.

14 (e) An election identification certificate must be similar
15 in form to, but distinguishable in color from, a driver's license
16 and a personal identification certificate. The department may

2 SECTION 21. Sections 63.007 and 63.008, Election Code, are
3 repealed.

4 SECTION 22. Effective September 1, 2011:

5 (1) as soon as practicable, the secretary of state
6 shall adopt the training standards and develop the training
7 materials required to implement the change in law made by this Act
8 to Section 32.111, Election Code; and

9 (2) as soon as practicable, the county clerk of each
10 county shall provide a session of training under Section 32.114,
11 Election Code, using the standards adopted and materials developed
12 to implement the change in law made by this Act to Section 32.111,
13 Election Code.

14 SECTION 23. The change in law made by this Act in amending
15 Section 64.012(b), Election Code, applies only to an offense
16 committed on or after January 1, 2012. An offense committed before
17 January 1, 2012, is covered by the law in effect when the offense
18 was committed, and the former law is continued in effect for that
19 purpose. For purposes of this section, an offense is committed
20 before January 1, 2012, if any element of the offense occurs before
21 that date.

22 SECTION 24. Effective September 1, 2011, state funds
23 disbursed under Chapter 19, Election Code, for the purpose of

2 SECTION 25. Every provision in this Act and every
3 application of the provisions in this Act are severable from each
4 other. If any application of any provision in this Act to any
5 person or group of persons or circumstances is found by a court to
6 be invalid, the remainder of this Act and the application of the
7 Act's provisions to all other persons and circumstances may not be
8 affected. All constitutionally valid applications of this Act
9 shall be severed from any applications that a court finds to be
10 invalid, leaving the valid applications in force, because it is the
11 legislature's intent and priority that the valid applications be
12 allowed to stand alone. Even if a reviewing court finds a provision
13 of this Act invalid in a large or substantial fraction of relevant
14 cases, the remaining valid applications shall be severed and
15 allowed to remain in force.

Fiscal Analysis

The bill would exempt certain disabled voters from presenting additional identification for voting, other than the voter registration certificate, if the voter submits written document from the United States Social Security Administration evidencing the applicant has a disability or the Department of Veterans Affairs evidencing the applicant has a disability rating of at least 50 percent along with a statement that the applicant does not have an acceptable form of identification. The bill would also require voter registration certificates to contain an indication that the disabled voter is exempted from presenting additional identification, other than the voter registration certificate, before being accepted for voting.

The bill would require the voter registrar of each county to provide a notice of identification

requirements for voting with each initial voter registration certificate or renewal registration certificate issued. The Secretary of State (SOS) and the voter registrar of each county that maintains a website would be required to post on their websites, in each language in which voter registration materials are available, a notice of the identification requirements, and county clerks would be required to post a physical copy in each language voter registration materials are available. SOS would be required to prescribe the wording of these notices. SOS would also be required to establish a statewide effort to educate voters regarding the identification requirements for voting.

The bill would require training standards to include instructions on the acceptance and handling of the identification presented by a voter to an election officer and each election clerk would be required to complete this training.

The presiding judge at each polling place would be required to post in a prominent location outside of the location a list of the acceptable forms of identification and the list would have to be separate from any other notices.

The Secretary of State would be required to develop standards for accepting voters when determining whether the voter's name on the voter's form of identification is substantially similar when the name does not match exactly with the name on the list of registered voters and the voter submits an affidavit stating that the voter is the person on the list of registered voters.

The Secretary of State would be required to prescribe the wording for written notifications of the identification requirements for voting beginning with elections held after January 1, 2012 and election officers would be required to provide this written notification of voting identification requirements and information on obtaining identification without a fee to voters who do not meet identification requirements. This section would expire September 1, 2017.

The Secretary of State would be required to prescribe procedures for voters who provisionally vote without proper identification to present proof of identification to the voter registrar not later than the sixth day after the date of the election.

The bill would require the Department of Public Safety (DPS) to issue an election identification certificate (certificate) to a person who states that the person is obtaining the certificate to meet voting identification requirements and presents a valid voter registration certificate or submits a valid voter registration application. DPS would be prohibited from collecting a fee for the certificate or a duplicate certificate. The certificate would not be allowed to be used or accepted as a personal identification certificate. The certificate would be required to be similar in form to, but distinguishable in color from, a driver's license and a personal identification certificate. DPS and the Secretary of State would be allowed to cooperate in developing the form and appearance of the certificate. DPS would determine the expiration date of the certificate except that a certificate issued to a person 70 years of age or older would not expire.

The bill would repeal Sections 63.007 and 63.008 of the Election Code related to voters with incorrect certificates who are not on the voter list and voters without certificates who are not on the voter list.

The Secretary of State (SOS) would be required to adopt the training standards and to develop training materials as soon as practicable after September 1, 2011. Each county clerk would be required to provide a session of training using the standards adopted by and the materials developed by SOS as soon as practicable as well.

The bill would change an offense under this section after January 1, 2012 to a second degree felony from a third degree felony unless the person is convicted of an attempt, in which case, the offense would be a state jail felony instead of a Class A misdemeanor.

The bill would expand the uses of state funds disbursed under Chapter 19 of the Election Code to include additional expenses related to coordinating voter registration drives or other activities designed to expand voter registration. This section would expire January 1, 2013.

The bill would state that if any provision in the bill is found by a court to be invalid, the remainder of

the bill would be allowed to stand alone.

Certain sections would be effective September 1, 2011. The remainder of the bill would be effective January 1, 2012.

Methodology

The fiscal impact of the bill excluding technology costs is estimated to be \$2,000,000 million for fiscal year 2012 out of the General Revenue Fund. The estimate includes \$0.5 million to research and develop ways to inform the public of the new identification requirements. Additional costs are estimated to be \$1.5 million for media advertisements: television (\$750,000), radio (\$300,000), print (\$300,000), and internet (\$150,000). The Secretary of State indicates that federal funds associated with the Help America Vote Act (HAVA) may be available for use but the agency would first need to verify this with the federal government.

The Secretary of State would also be required to prescribe the wording for voter identification requirement notifications in each language voter registration materials are available, develop training materials on voter identification requirements, and develop standards for accepting voters when determining whether the voter's name on the voter's form of identification is substantially similar to the name on the list of registered voters. It is assumed that any fiscal implication associated with these responsibilities could be absorbed within existing resources.

The fiscal impact of expanding the uses of funds disbursed under Chapter 19 of the Election Code to include coordinating voter registration drives or other activities designed to expand voter registration is unknown because it is not known how many voter registration drives or other activities designed to expand voter registration would occur.

The fiscal impact of the costs from the prohibition of DPS to collect a fee for an election identification certificate and duplicate certificate issued to a person seeking the certificate for the purpose of voting is unknown because it is not known how many people would make a request for an election identification certificate for voting.

Technology

The technology fiscal impact of the bill is estimated to be \$24,000 for programming costs associated with creating an indicator on voter registration certificates for voters with certain disabilities. The notification would inform election officers at polling places that voters with certain disabilities are exempted from presenting additional identification other than the voter registration certificate. The Secretary of State indicates that federal funds associated with the Help America Vote Act (HAVA) may be available for use but the agency would first need to verify this with the federal government.

Local Government Impact

The bill would require counties to notify registered voters of changes online if the county maintains a website, at polling locations, and included with voter registration certificates. Election clerks would be required to undergo training regarding accepted forms of voter identification. The bill would also require an applicant who wishes to receive an exemption from certain voter identification requirements on the basis of disability to include with the person's application documentation that the applicant has been determined to have a disability.

Texas Association of Counties (TAC) gathered the following information from counties:

Bexar County stated that due to limited space on current registration certificates, larger cards would be necessary resulting in additional costs of \$381,256 for cards, printing and postage. Bexar County also reported costs of \$1,500 for providing voter ID informational posters in Spanish and English in 24-point font, and \$2,500 in new costs per election regarding printing new forms and provisional envelopes for information for voters not accepted for voting because of failure to present the required identification. Bexar County also anticipates \$50,000 in new costs associated with scanning disability

affidavits and another \$50,000 associated with being required to validate provisional envelopes.

Brazoria County estimated that the county clerk would be responsible \$1,500 in new costs to reprint provisional envelopes. The Brazoria County Tax Assessor-Collector anticipates \$40,159 in new costs associated with printing provisional envelopes, in addition to the costs of printing new voter information (Brazoria County reported that these costs would vary depending on the specific requirements of the information to be provided).

Tarrant County anticipated a one-time cost of \$8,000 to reprint provisional balloting materials and provide new notices.

Comal County anticipated approximately \$30,000 in new costs per election for staff at voting precincts and the early voting ballot board. The Comal County Tax Office reported costs of \$2,860 to print identification requirements, \$22,700 for envelopes, and \$19,880 for postage to comply with the provisions of the bill.
